Special Guest:

Donna Quan, Director of Education

"The Years of Action Plan is about every student, every school, every day. It is an ambitious, inclusive and actionable vision which represents and affects our entire TDSB community, including students, staff, parents and the public.

We must work every day to ensure that our students get the most from their time at the TDSB and become confident, motivated and enthusiastic learners and citizens. Every decision we make and action we take must and will support students."

- Donna Quan, Director of Education, Toronto District School
