Earl Haig School Council Presents:

Tech in Education

Join us to discuss what the evidence says about tech in education: the good, the bad, and the unexpected. Let's ensure the choices we make as parents—and as a school—are the best choices to support our children's education.

Tuesday, November 10

Earl Haig Gym
6:00 PM: Speakers, Q&A
7:00 PM: Community discussion
Free childcare available

Dr. Anne Bailey is a Clinical Psychologist supporting kids & teens with unique learning profiles, with a research background studying the impacts of learning in the brain.

Alex Andrews is a Tech Entrepeneur, Educator, and advocate for healthy tech choices, with a research background in assistive technology, music psychology, & cochlear implants.
